Direct Billing Authorization Form

*Kinetic Performance Center (KPC) is able to provide direct billing for some services provided depending on the client's insurance provider.
*Every insurance contract is different and we have no way of knowing the limits for each individual policy.
*It remains each client's responsibility to provide payment in full for services provided at this clinic regardless of insurance coverage.
***Please be advised there is a <u>one-time $25.00 fee</u> to register for Direct Billing with Kinetic Performance Center**

We offer direct billing for patients who have benefits via the following:

- Great West Life
- SunLife
- Manulife
- Standard Life
- Desjardins
- GreenShield
- Alberta Blue Cross

<u>Direct Billing Terms</u>:

- The primary insurance account holder must be present to complete the required billing forms.
- A credit card number and signature must be kept on file in order to initiate direct billing.
- The credit card will be billed for any service amounts not covered by the insurance provider as well as any missed appointments. Please refer to the 'Explanation of Fees' form for missed appointment policy.
- Account and billing summaries will be provided at patient request within 2 business days of any request.
- We will attempt to notify clients of any difficulties encountered with submitting billing to insurance providers (i.e. incomplete information, partial coverage, co-payment required). If we are unable to contact the client to resolve outstanding billing issues then the credit card provided will be charged for any outstanding amounts. It remains each client's responsibility to provide payment in full for services provided at this clinic regardless of insurance coverage.

☐ I have read the above terms and give Kinetic Performance Center permission to direct bill my insurance provider following a one-time $25 fee.

☐ I will pay the full cost at the time of service and submit to my insurance company myself.

Benefit Assignment Form

[Please complete if you agreed to the previous page]

Provider: _____
Plan (Policy) Number: _____
Plan Member (ID) Number: _____

Plan Holder Name (If different than Patient):_____
Plan Holder DOB (If different than Patient): _____

I hereby assign benefits payable for the eligible claims to the Provider responsible for submitting my claims electronically to the group benefits plan and I authorize the insurer/plan administrator to issue payment directly to the Provider. In the event my claim(s) are declined by the insurer/plan administrator, I understand that I remain responsible for payment to the Provider for any services rendered and/or supplies provided.

I acknowledge and agree that the insurer/plan administrator is under no obligation to accept this Assignment, that any benefit payment made in accordance with this Assignment will discharge the insurer/plan administrator of its obligations with respect to that benefit payment, and that in the event payment is made to me, the insurer/plan administrator will also be discharged of its obligation with respect to that benefit payment.

I understand that this Assignment will apply to all eligible claims submitted electronically by the Provider and that I may revoke it at any time by providing written notice to the insurer/plan administrator.

If I am a spouse or dependent, I confirm that I am authorized by the plan member to execute an assignment of benefit payments to the Provider.

PROTECTING YOUR PERSONAL HEALTH INFORMATION

under the Alberta Health Information Act

WHAT IS THE HEALTH INFORMATION ACT?

The Alberta Health Information Act or HIA is a provincial law that aims to balance your right to have your health information protected with the need of health professionals to use your information to provide you with proper care and treatment.

WHAT IS HEALTH INFORMATION?

Health information is information about you that is related to your health or health care. It may include:

- your name;
- address;
- date of birth;
- health history;
- provincial health card number;
- other information about tests, procedures and care you received

Kinetic Performance Center (KPC) collects health information directly from you or the person acting on your behalf. Sometimes, KPC asks other health professionals or health care organizations involved in your health care for your health information to help its practitioners provide you care. KPC may collect health information from other sources, if KPC has your permission to do so, or if the law allows KPC to do so even without your permission. Health Information may be collected and stored in different ways, including electronic files, on paper charts, and images like x-rays. KPC collects health information as needed to treat you and assist with your health care.

WHO CAN SEE OR USE YOUR HEALTH INFORMATION?

• individuals involved in your care and treatment, including students, on a need to know basis
• individuals who need the information to get payment for your health care
• anyone who can legally act on your behalf
• specified organizations who have a legal right to see the information in certain situations

HOW DOES HIA PROTECT YOUR HEALTH INFORMATION?

KPC has policies and practices to protect your health information. KPC will:

• properly collect, use, share, keep and destroy your health information following the rules in HIA
• have a Privacy Officer who can answer your questions about our handling of your health information
• has policies to protect the privacy and security of your health information on paper, in electronic form, or unrecorded
• has a complaints policy for you to use if you believe that we are not following the rules in HIA
• properly respond if the privacy of your health information has been breached. This may include telling you or the Privacy Officer.

WHAT ARE YOUR RIGHTS UNDER HIA?

• to ask for copies of your health information (fees may apply)
• to ask for changes to your health information if the facts were not recorded correctly
• to ask that some or all of your health information not be collected by, used by, or shared with specific people or organizations involved in your care
• to ask for a review by the Privacy Review Officer responsible for HIA if you do not think the result of your complaint, access request, or correction request properly followed the rules in *HIA*.

WHO DO I CONTACT FOR MORE INFORMATION?

This is a summary of your rights and our responsibilities under HIA. There are specific exceptions to these rights and responsibilities.

If you need more information, please ask our HIA Privacy Officer:

Darren Yick
DrYick@KineticPerformanceCenter.ca
(587) 955-9910

Patient Consent

By signing the consent section of this Patient Consent From, you have agreed that you have given your informed consent to the collection, use and/or disclosure of your health information.

I have reviewed the above information that explains how your office will use my health information, and the steps your office is taking to protect my information. I know that your office has a Privacy Policy, and I can ask to see the Policy at any time.

I agree that Kinetic Performance Center can collect, use, and disclose health information about _____ as set out above in the information about the office's privacy policies.

Print Name _____ Patient Signature _____

Date _____ Witness _____

For general information on HIA, visit the Office of the Information and Privacy Commissioner of Alberta (OIPC) website: www.oipc.ab.ca/pages/HIA/AboutAct.aspx
or reach OIPC contact at 1-780-422-6860, toll-free at 1-888-878-4044 or by email at generalinfo@oipc.ab.ca

CANADIAN CHIROPRACTIC PROTECTIVE ASSOCIATION

CONSENT TO CHIROPRACTIC TREATMENT – FORM L

It is important for you to consider the benefits, risks and alternatives to the treatment options offered by your chiropractor and to make an informed decision about proceeding with treatment.

Chiropractic treatment includes adjustment, manipulation and mobilization of the spine and other joints of the body, soft-tissue techniques such as massage, and other forms of therapy including, but not limited to, electrical or light therapy and exercise.

Benefits

Chiropractic treatment has been demonstrated to be effective for complaints of the neck, back and other areas of the body caused by nerves, muscles, joints and related tissues. Treatment by your chiropractor can relieve pain, including headache, altered sensation, muscle stiffness and spasm. It can also increase mobility, improve function, and reduce or eliminate the need for drugs or surgery.

Risks

The risks associated with chiropractic treatment vary according to each patient's condition as well as the location and type of treatment.
The risks include:

● **Temporary worsening of symptoms** – Usually, any increase in pre-existing symptoms of pain or stiffness will last only a few hours to a few days.

● **Skin irritation or burn** – Skin irritation or a burn may occur in association with the use of some types of electrical or light therapy. Skin irritation should resolve quickly. A burn may leave a permanent scar.

● **Sprain or strain** – Typically, a muscle or ligament sprain or strain will resolve itself within a few days or weeks with some rest, protection of the area affected and other minor care.

● **Rib fracture** – While a rib fracture is painful and can limit your activity for a period of time, it will generally heal on its own over a period of several weeks without further treatment or surgical intervention.

● **Injury or aggravation of a disc** – Over the course of a lifetime, spinal discs may degenerate or become damaged. A disc can degenerate with aging, while disc damage can occur with common daily activities such as bending or lifting. Patients who already have a degenerated or damaged disc may or may not have symptoms. They may not know they have a problem with a disc. They also may not know their disc condition is worsening because they only experience back or neck problems once in a while. Chiropractic treatment should not damage a disc that is not already degenerated or damaged, but if there is a pre-existing disc condition, chiropractic treatment, like many common daily activities, may aggravate the disc condition.
The consequences of disc injury or aggravating a pre-existing disc condition will vary with each patient. In the most severe cases, patient symptoms may include impaired back or neck mobility, radiating pain and numbness into the legs or arms, impaired bowel or bladder function, or impaired leg or arm function. Surgery may be needed.

● **Stroke** – Blood flows to the brain through two sets of arteries passing through the neck. These arteries may become weakened and damaged, either over time through aging or disease, or as a result of injury. A blood clot may form in a damaged artery. All or part of the clot may break off and travel up the artery to the brain where it can interrupt blood flow and cause a stroke.

Many common activities of daily living involving ordinary neck movements have been associated with stroke resulting from damage to an artery in the neck, or a clot that already existed in the artery breaking off and travelling up to the brain.
Chiropractic treatment has also been associated with stroke. However, that association occurs very infrequently, and may be explained because an artery was already damaged and the patient was progressing toward a stroke when the patient consulted the chiropractor. Present medical and scientific evidence does not establish that chiropractic treatment causes either damage to an artery or stroke.
The consequences of a stroke can be very serious, including significant impairment of vision, speech, balance and brain function, as well as paralysis or death.

Alternatives

Alternatives to chiropractic treatment may include consulting other health professionals. Your chiropractor may also prescribe rest without treatment, or exercise with or without treatment.

Questions or Concerns

You are encouraged to ask questions at any time regarding your assessment and treatment. Bring any concerns you have to the chiropractor's attention. If you are not comfortable, you may stop treatment at any time.

Please be involved in and responsible for your care. Inform your chiropractor immediately of any change in your condition.

DO NOT SIGN THIS FORM UNTIL YOU MEET WITH THE CHIROPRACTOR

I hereby acknowledge that I have discussed with the chiropractor the assessment of my condition and the treatment plan. I understand the nature of the treatment to be provided to me. I have considered the benefits and risks of treatment, as well as the alternatives to treatment. I hereby consent to chiropractic treatment as proposed to me.
